OUR SUSTAINABILITY JOURNEY

For more than 60 years, being a responsible member of the global community has been woven into all aspects of our company culture. **Our commitment** is to provide high-quality products, reliable services, secure jobs, and community support.

Zero Waste

No unnecessary materials
or processes

Zero Impact

Environmentally
responsible materials

Zero Barriers

Individual growth
and engagement

OUR ENVIRONMENT

✓ Continuous product/process improvement

✓ Minimal impact on environment

✓ Thousands of SKUs of FSC® Mix Credit
Certified HPL

✓ First North American laminate manufacturer
to achieve Forest Stewardship Council® Chain
of Custody Certification

PROCESSES

We strive to ensure our manufacturing and distribution processes leave minimal impact on the environment. Our sustainability programs include energy management, waste management, eco-friendly product transportation, and raw materials partnerships with suppliers equally committed to sustainable business practices. Visit wilsonart.com/sustainability to learn more.

PRODUCTS

Wilsonart continually innovates the laminate surface, seeking to improve sustainability without sacrificing performance. 30% of the fiber used to make Wilsonart® Laminate comes from recycled sources. The recycled content in Wilsonart Laminate is certified by SCS Global Services. Our laminates are also UL GREENGUARD Gold Certified for low chemical emissions, which can help you in earn LEED® certification. All standard Wilsonart Laminates are available on request as FSC® Mix Credit, SCS-COC-002415. Wilsonart is proud to be the first adhesive manufacturer to have its low-emitting PVA and woodworking adhesives recognized by UL's GREENGUARD Certification Program for indoor air quality. wilsonart.com/laminate-certificates.

WHEN PERFORMANCE MATTERS AS MUCH AS DESIGN.

As a world-leading creator of decorative engineered surfacing products, Wilsonart delivers a wide range of innovative laminate solutions and services. With products designed to expand your inspirational horizons, Wilsonart® Laminate meets your special needs and exceeds the expectations of your most demanding clients.

SPECIALTY & PERFORMANCE LAMINATES

Wilsonart makes a laminate surface for every need. Made to endure everything from chemical spills to fire damage, Wilsonart® Specialty and Performance Laminates are uniquely suited to handle the challenges of one-of-a-kind interiors. Visit wilsonart.com/specialty-laminate to learn more about our hard-working design options.

All Wilsonart® Laminates are suitable for use in commercial and residential settings.

WILSONART® is a trademark of Wilsonart LLC registered in the United States and other countries. HIGH DEFINITION, HD, and AEON are also trademarks of Wilsonart LLC.

Dickon, for

CHEMSURF® CHEMICAL-RESISTANT

Specifically designed for environments where chemicals and harsh cleaners are used, Wilsonart® Chemsurf® provides exceptional chemical resistance without sacrificing design or style.

FIRE-RATED

This long-lasting, beautiful laminate meets or exceeds the fire codes across the country and comes in a wide range of patterns and colors.

HIGH WEAR

Low-cost and built to take the extra wear that comes with high traffic commercial projects, Wilsonart® High Wear Laminate boasts more than five times the industry standard for abrasion resistance.

WILSONART X YOU

Customize any surface with Wilsonart X You. Bring us your designs, and we'll create a laminate that is uniquely yours. Visit wilsonart.com/wilsonartxyou.

VIRTUAL DESIGN LIBRARY

Reach beyond the wallboard with Wilsonart's expanded design library. From photorealistic imagery to abstract and artistic graphics, Wilsonart offers a wide range of patterns to fit your needs. Learn more at wilsonart.com/vdl.

RE-COVER™

RE-COVER™ combines vertical grade laminate and adhesive to create an alternative time and money-saving option to standard laminate installation and fabrication.

COMPACT

Available in thicknesses from 1/10" to 1", Wilsonart® Compact Laminate is a durable solution for high-impact surfaces such as lockers and cabinets, elevator cabs, and toilet partitions.

CHALKBOARD

Wilsonart® Chalkboard is the perfect solution for any space or application that demands a durable and affordable writing surface, and unlike other chalkboard surfaces, it requires no special maintenance.

MARKERBOARD

The ideal laminate writing surface for classrooms, business and administrative offices, message centers, athletic facilities, or as a menu board.

COORDINATED SURFACES

The best-matched HPL, TFL Panel, and Edgeband solution in surface design and texture. Visit wilsonart.com/cs.

SOLICOR™ & SOLICOR™ COMPACT

Wilsonart® Solicor™ is a specialty laminate created with a solid color core – eliminating the troublesome “brown line” of traditional laminates. A new range of our popular neutral color-through designs are also available in thick Solicor™ Compact laminate.

TRACELESS™

Wilsonart® Traceless™ Laminate is a fingerprint-resistant, repairable surface that refuses smears, smudges, and streaks. Minor scratches can also be easily removed with a white sponge, or melamine foam, also known on the market as a “Magic Eraser.” Accompanied by a velvety texture, your senses will swoon over this soft-to-the-touch, super matte finish.

8235K-05 DAINTREE

WOODGRAINS

Notable textures include a three-dimensional, synchronized Aligned Oak (-57) texture, as well as two brand new textures – Ridgewood (-79) and Timbergrain (-05). Ridgewood (-79) is a matte linear texture while Timbergrain (-05) features a low-sheen wood finish paired with dimensional, realistic ticking. All of these designs feature natural variations reminiscent of real veneer, but are engineered to perform at a higher level.

INNOVATIVE SOLUTIONS

Built directly into the laminate, Antimicrobial Protection defends the surface against damaging microbes such as mold and mildew that cause unpleasant odors. In combination with proper cleaning and disinfection protocols, protected surfaces can stay looking and performing better, longer. Antimicrobial Protection comes standard on all HD® finishes, and is available as an option on all other laminate designs.

Not all designs are shown at 100% scale. Colors shown are printed reproductions. For maximum fidelity, please request product samples. Optional finishes may be available by special order. Call your distributor for details.

LAMINATE SURFACE TEXTURES

#01 HIGH GLOSS - PREMIUM

A mirror sheen finish, which gives a smooth, brilliant appearance. Recommended for horizontal applications such as countertops and light-to medium commercial applications. Excellent for vertical applications.

#07 TEXTURED GLOSS - PREMIUM

A fine textured surface with a sheen level indicative of a waxed wood, polished stone, or other moderately reflective materials. Recommended for horizontal and vertical applications.

#16 CASUAL RUSTIC - PREMIUM

A woodgrain texture with a blend of grain variations ranging from linear to subtle movement with random, irregular features. The overall low gloss surface is accented with higher sheen woodgrain ticking and random highlights. Recommended for horizontal and vertical applications.

#19 LENO WEAVE* - PREMIUM

Random intersecting horizontal and vertical lines create a geometric weave with a matte-gloss mix. Recommended for horizontal and vertical applications.

#28 GLOSS LINE - PREMIUM

A linear woodgrain texture with varied widths of narrow grain structures in an alternating mix of matte and gloss surface areas. Recommended for horizontal and vertical applications.

#38 FINE VELVET TEXTURE

A smooth-textured finish with moderate reflective value. Recommended for horizontal and vertical applications.

#55 GLAZE - HD PREMIUM

A layering of matte features over a glaze of semi-gloss, creates this timeworn effect. Recommended for horizontal and vertical applications.

#60 MATTE

Textured finish with a moderate reflective quality. Recommended for horizontal and vertical applications.

#79 RIDGEWOOD - PREMIUM

An overall matte finish with ridged dimensional features creating a linear woodgrain effect. Recommended for horizontal and vertical applications.

#05 TIMBERGRAIN - PREMIUM

A low-sheen wood finish with a dimensional, realistic ticking and natural variation across the surface texture, much like a natural veneer. Recommended for horizontal and vertical applications.

#12 SOFTGRAIN - PREMIUM

A dense, woodgrain structure that is low gloss and soft to the touch. Subtle highlights of reflectivity randomly occur within the embossed grains, creating a sophisticated raw wood look. Recommended for horizontal and vertical applications.

#18 LINEARITY - PREMIUM

A directional texture running the length of the sheet, having a narrow, random, matte-gloss linear quality. It is complementary to linear woodgrains, and linear patterns and provides dimension and visual movement to solid colors. Recommended for horizontal and vertical applications.

#22 ANTIQUE - PREMIUM

A mixture of varying low gloss features combined with organic movement, indicative of the surface of an aged stone or an antique metal. Recommended for horizontal and vertical applications.

#35 MIRAGE - HD PREMIUM

Subtle variations in matte and gloss finish connect to nature's own finishes: rough and weathered, smooth and polished. Recommended for horizontal and vertical applications.

#52 QUARRY - PREMIUM

Premium finish emulating the "pitted" look of polished natural stone. Recommended for horizontal and vertical applications.

#57 ALIGNED OAK* - HD PREMIUM

Authentic realism is brought to the surface using synchronized texture as each elegantly aged oak design exhibits the natural dimension and feel of real wood. Recommended for horizontal and vertical applications.

#78 FINEGRAIN - PREMIUM

This premium finish features the polish and luxe of a real wood veneer, with a subtle, narrow grain structure that runs the length of the sheet. Recommended for horizontal and vertical applications.

*Not available in Textured Solids

Finish features AEON™ Enhanced Performance Technology, providing 3x industry standard wear resistance, improved scratch, scuff and mar performance, versus comparable competitive finishes.

ANTIMICROBIAL PROTECTION is built into HD Premium finishes, to protect the surface against damaging microbes. Antimicrobial agents protect the surface from the growth of mold and mildew that cause odors when used for countertops and work surfaces. Also available on other finishes during the ordering process.
