DELIVERING FRESH. ALWAYS.™

Maximize Profits with Spacious Merchandisers

FUSION MD472R
Self-Service

FUSION MD472DR
Self-Service

FUSION MD472DF
Self-Service

The immense Fusion MD models are designed to integrate seamlessly with the Fusion collection, providing retailers with **improved capacity, aesthetic consistency,** and **operational efficiency.**

Available in a dynamic range of temperature options, from refreshing refrigerated* goods to ambient delights and frozen treats, this open reach-in system beckons customers to explore and indulge in a diverse selection of fresh, quality products.

**Remote DX refrigeration and self-contained refrigeration options available.*

MASSIVE Capacity

Unparalleled merchandising capacity, ensuring your products stay cool and fresh longer. Perfect for high foot traffic environments where efficiency is key.

Seamless Integration

Maintain a consistent brand image, designed to seamlessly line up with products in our Fusion collection. Guarantee the same fit and finish across your entire retail space.

Versatility and Accessibility

Abundant space for diverse product displays that also ensures accessibility with its thoughtfully designed features, providing a versatile solution for any retail environment.

Unmatched Capacity, Versatility, and Accessibility.

The spacious Fusion MD fresh food merchandiser's massive size stands as a strategic advantage, accommodating an extraordinary merchandising capacity that surpasses any other in the market.

In high foot traffic environments typical of retail spaces, the need for frequent refills is minimized, ensuring a seamless and uninterrupted customer experience. Its self-service, open reach-in design promotes accessibility and encourages customers to explore the extensive array of fresh offerings. Additionally, the optional door feature provides customization, making it an ideal solution for various settings where convenience, capacity, and flexibility are paramount.
