DELIVERING FRESH. ALWAYS.™

**GROCERANT FB8SS-6H, FB4S-3R**  
Self-Service, Service

## The Grocerant Collection

A collection that offers a restaurant experience for dine-in or take-home meals, in well-designed, ergonomic food bars.

Provide an ideal customer experience while maximizing store earning potential.

Refrigerated or heated, Grocerant service and self-service cases present favorites like yogurt parfaits, soups, and a variety of side dishes in a way that preserves freshness.

An emphasis on compliance and safety.

All food bar units are designed to be ADA compliant with a counter height of 33-1/2".

NSF compliant sneeze guards with lift-up front glass and stainless steel posts help ensure food safety when self-service cases are used.

The 100% steel base construction eliminates wood components that are susceptible to water damage and rot.

- Stainless steel counter.
- Remote only, floor drain required.
- Non-refrigerated rear storage.
- Clear sneeze guard glass with stainless steel posts.

GROCERANT (E.G., FB4S-3R, FB8SS-6H)

SERIES	LENGTH	CABINET	PANS	TEMPERATURE
FB	4'	S (Service)	3	R (Ref.)
