FAQ

How does Cantaloupe structure their fee arrangements?

Cantaloupe makes deposits via electronic funds transfer (EFT) to your bank account weekly, less transaction fees (**\$9.95/month per device**, plus **5.95% card processing fee for an average vend of \$4.99 and below OR 2.5% + .10 for an average vend of \$5 and above**). Cantaloupe will also process the monthly fee (deducted from revenue earned through the card reader) on the 20th of each month. The monthly fee covers Seed Live access, Consumer Call mitigation, PCI Service, daily sales reporting, and cash reporting. All deposits are fully reconcilable through your Seed Live platform and via the emails we send automatically when the deposit occurs.

How often will deposits be made into my bank account?

Cantaloupe deposits weekly on Fridays **ONLY IF** \$25 or more has accumulated in the account, less fees. Otherwise, it rolls over to the next week. The monthly fee is deducted from the flow of revenue on the 20th of the month.

The transaction fee is deducted per transaction.
