

**Structural Concepts®**

DELIVERING FRESH. ALWAYS.™

**Full Intelligence. Smaller Footprint.**

## **Introducing the ARM SLIM SD2826IS**

**COMING SUMMER 2026**

Premium autonomous merchandising shouldn't be limited by space. Built from the same industry-leading DNA as our flagship ARM XL BD3632IS, the **ARM SLIM SD2826IS** delivers advanced, frictionless retail in a refined, compact frame — engineered to perform beautifully wherever your customers live, work, and play.

### **Designed to Elevate the Experience**

With a slimmer design and the same trusted performance, the ARM SLIM SD2826IS embodies our commitment to innovation, reliability, and sophisticated simplicity — making fresh, premium, autonomous retail more accessible across more environments than ever before.

COMING SUMMER 2026

## Big Capability. Slim Design.

We maintained the trusted performance you count on and streamlined the design to deliver greater placement flexibility.

The same high-performance features you expect:

### Smart AI Sensing

Precision weight sensors and computer vision for 99.9% transaction accuracy.

### Seamless Checkout

True grab-and-go experience that eliminates lines.

### Real-Time Analytics

Cloud-connected insights inventory management and consumer insight tools.

### Robust Security

Multi-layered theft prevention and secure payment processing.

## Why Go Smaller?

**Purpose-Built for High-Value, Compact Spaces.**

Turn overlooked or constrained footprints into productive sales generating environments.

### Ideal for:

**Office Breakrooms** — Premium, fresh offerings without crowding shared spaces.

**Boutique Hotels** — 24/7 amenities placed exactly where guests need them.

**High-Traffic Corridors** — Transform unused areas in transit hubs, hospitals, or campuses into revenue-generating micro-stores.
